

Dear New Initiate,

Welcome. You don't know us yet, but we know you. You are cordially invited to join us on a very twisty ride through the elite world of Tipton Academy. Our hallowed institution is steeped in tradition and lore, but it is also home to injustice, corruption, and long-buried secrets. And of course, there are ghosts. You may have heard of us or seen our mark around the Tipton grounds.

We've tapped you because you are special. You can expose the rot beneath this idyllic hilltop campus and help us change things around here. Are you in? Meet us beneath the sugar maple on Quadrant East. You have received a campus map in the opening pages of your orientation booklet, but we recommend you follow the version included with this letter, annotated for your eyes only.

Follow your map. Bring this letter. Don't get caught.

Your Fellow Ghosts

Read and pass it on!

Actiones secundum fidei. Action follows belief.
